

Praises and Grumbles

Praise: The horse riding was fun because we were up high and went fast! - **Mahad**

Praise: Folly farm was good because of the rides. The caterpillar ride was my favourite - **Hafsa**

Praise: I really liked coasteering. Because I'd never jumped off a rock before, and I enjoyed doing tricks off the rock. **Grumble:** When I made myself a cup of tea it didn't taste very nice - **Hannah**

Praise: The hostel was nice because their was loads of good food and it was fun to explore a new place.
Grumble: The sea tasted nasty - **Tyler**

Praise: When we went coasteering I overcame my fears of seaweed and getting feet and body cold. - **Kishanna**

Praise: Horses were good because I've always wanted to see a horse in real life. Having a Barbeque was good too!
Grumbles: None! - **Centini**

Praise: Coasteering was good because it was fun jumping into the sea from a rock and experiencing being a fish. - **Miranda**

Praise: Folly farm was good because it had go karts and rides as well as animals like the snakes. - **Aaron**

Praise: Coasteering because I'd never done anything like it and I was afraid but I overcame my fear! - **Muniza**

Praise: The whole experience was fun because it was a once in a lifetime opportunity which we spent with our friends!
Tayian

Praise: Folly farm was good because we were trusted to explore on our own and it was nice to get that responsibility. - **Cheyenne**

Praise: The beach was good because it was fun playing in the waves. And we made friends with seaweed. - **Najma**

Praise: The whole thing because I got to spend time with my friends and go to new places. - **Romaine**

Grumble: The wetsuit was too hard to put on **Praise:** It was really fun hanging out with my friends in the youth hostel. - **Zoe**

Praise: Coasteering was fun because walking on the rocks was a challenge and I jumped off a rock even though I was nervous. - **Ilyas**

Praise: I finally got to go on camp and every single day was fun. I couldn't pick out one day which was better than the others. I especially liked the food we had - **Adrienne**

Praise: Coasteering was good because we got to do back flips off rocks. - **Rhys**

Praise: All of it because we did loads of different activities that were really fun. **Grumble:** The Somali sheep at Folly farm sounded like they were laughing at me - **Conner**

Praise: Coasteering because it was fun being bobbing about in the sea. - **Shiquanna**

Manorbier Camp Newsletter 2011

Hello everyone

On 4th July 2011 twenty Year 5s and 6s went on Hannah More's first ever camp to Manorbier. Manorbier is a small town in Pembrokeshire, and here is a special edition newsletter about some of the fun things that we all got up to!

The Beach!: While we were at Manorbier we went to the beach lots of times.

The first day we got there we went to a beach called Church Doors and another called Skrinke Haven we were lucky to get there because the other days we went there the tide was too high. On all of the beaches Mr. Thomas looked hilarious.

At Church Doors we made sand sculptures of igloos, sea turtles and castles.

On the way back we had to walk across hard stones that were really pretty so some of us picked some up and kept them as souvenirs.

On another day we went to Manorbier beach where there were big waves. We tried to jump over them which was fun. Hafsa got knocked over by one so Mr. Thomas had to pick her up by her arm before the wave hit her down AGAIN!!!

There was a lot of jellyfish on the beach and Conner named three of them Larry Barry and Farry.

Horse Riding: On Tuesday, after a big breakfast we headed to Horse riding. When we arrived the women that work there called us one at a time to give us a pair of horse riding shoes. Then we went to get a helmet. Once we were ready we separated to two groups one group went to the stables and the other group went horse riding. After a bit we swapped.

When we were in the stables the women told us about the horses and said horse can eat for 16 hours and they sleep for 8 hours. We got a chance to groom the horses and one stepped on Cheyenne's toe!

When we did riding the first thing we did was get on the horse. This was harder than it sounds! Once we were all on the horses started walking, after a while we practiced control by going through cones. Then when it was time to do trotting we all got bumped up and down. Everyone enjoyed themselves!

Folly Farm: On Wednesday we visited a place called Folly Farm. Folly Farm was both a farm and a zoo. Some people didn't realize the difference! We got to see loads of animals, zebras, emu, deer, monkey, giraffes and more.

To begin, we looked at the animals in our groups. One of the animals (We couldn't work out its name) thought that Ilyas' hand was food! T-jay made his whole group wait next to the giraffes just because he wanted to see their tongues!

After that we went on our own to have a go on the rides. Some of the best rides were the caterpillar, go karts, ghost train and the bumper cars. When we left we had to run to the vans through the pouring rain!

Coasteering: On Thursday we went coasteering. Coasteering is a fun way to see the coast, which is brilliant in Pembrokeshire!

First the men in charge introduced themselves to us. Then we had to put on our wetsuits which most people found hard! After that we had to walk down to the sea. Some of us found that hard too!

When we got in to the sea we swam about for a bit. Then we climbed on to a rock. We got to jump off the rock while doing a trick. It was really fun! We were all

very impressed with Rhys & T-jay.

Then they gave us a challenge called the island challenge. Basically we had to swim all the way round the rock. It sounds easy but because the waves kept on pulling us back away it was harder. Some of us were scared but we still all got in.
